# Live Polling

- Live polling is easier than ever!
- All polls will be created and launched in the HEUG Mobile App

# Live Polling

- Attendees will have access to respond to polls directly on their own devices

# Live Polling

- You will view the results graphically, in real-time

# Poll Formats

- Multiple Choice
- Open Ended
- Numerical Average

# Multiple Choice

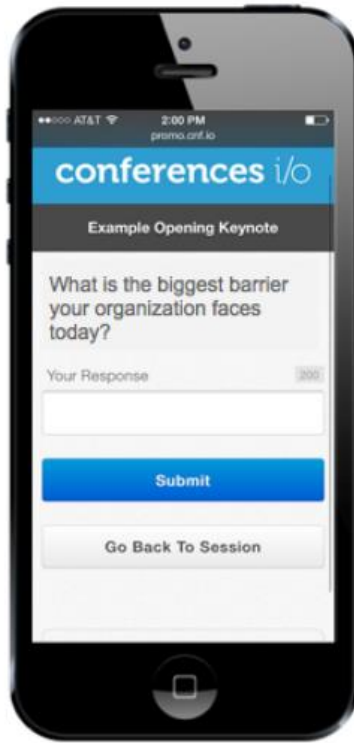

Attendees choose a response from a pre-defined list of options

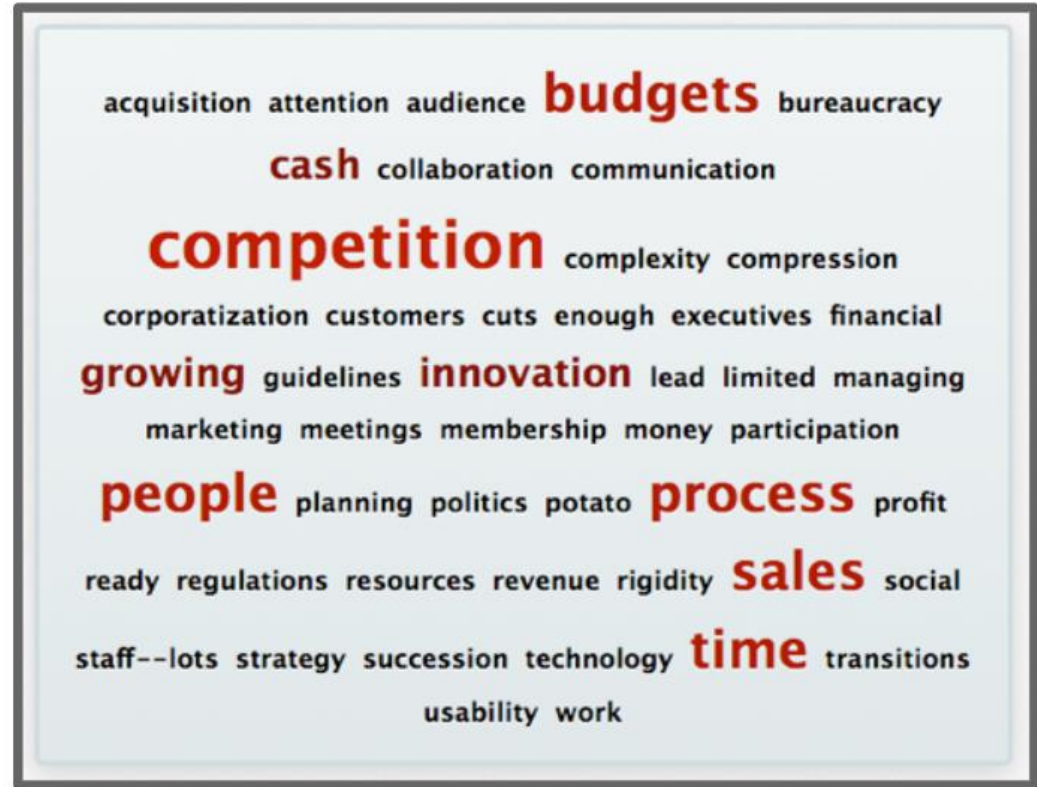

Results are displayed in a Pie Chart or Bar Chart

# Open Ended

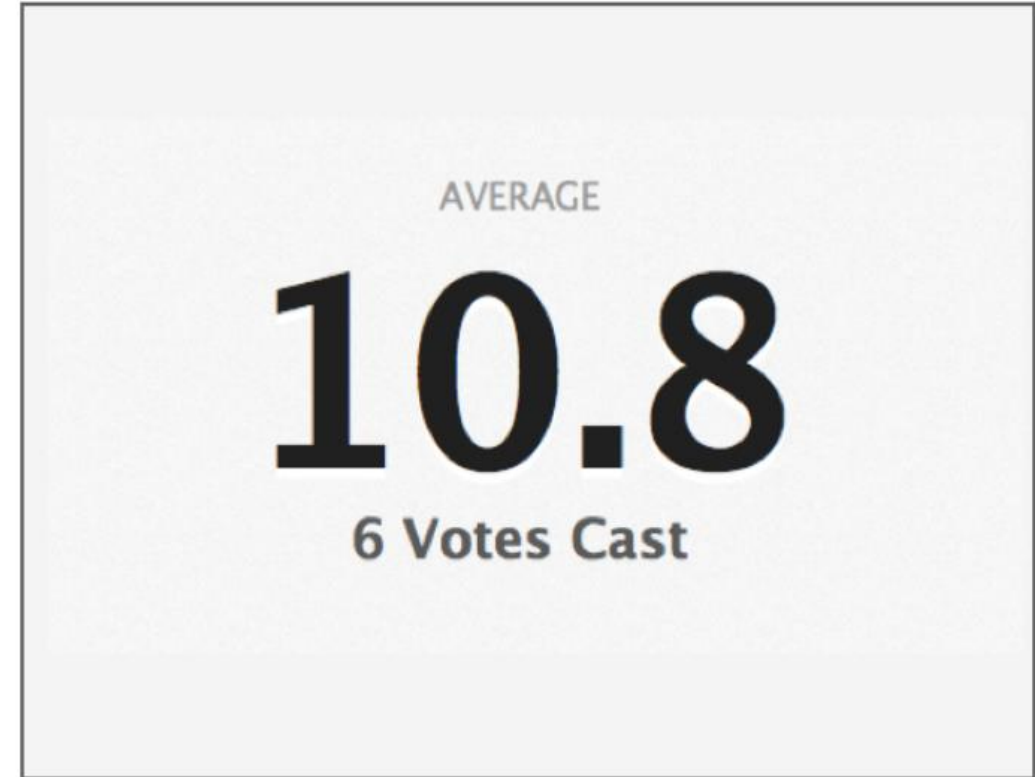

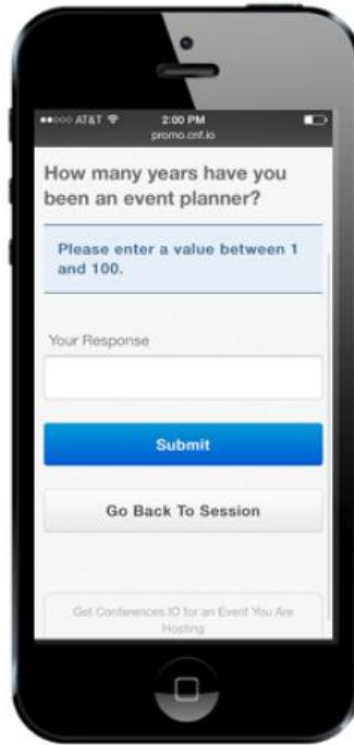

Attendees type in a short response  
or answer

Results can be displayed in a simple running list, or in  
our "Word Cloud" format.

# Numerical Average

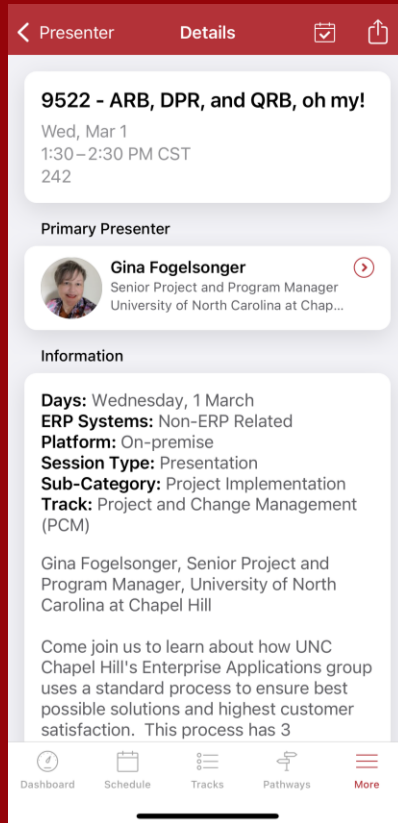

Attendees enter a number that falls within a range that you determine

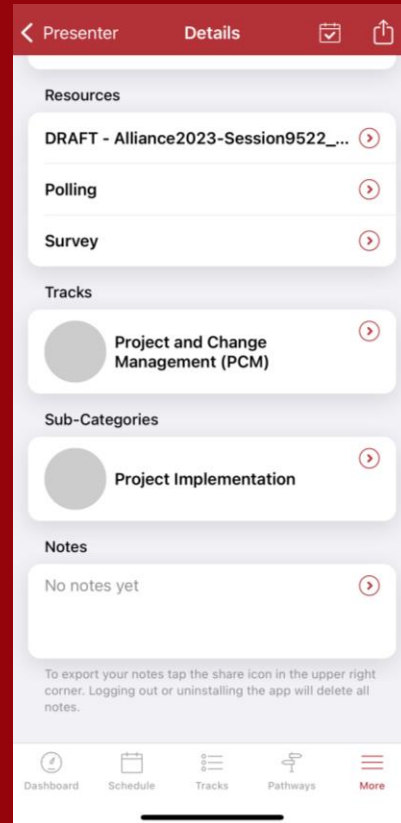

Results will display the overall average of all of the responses

# Live Polling Setup

## SETUP

Download and explore the HEUG Event App. Find your session, add it to your agenda and get started on creating your polls. You can create your polls anytime between now and the conference.

## CREATE SLIDE CUE

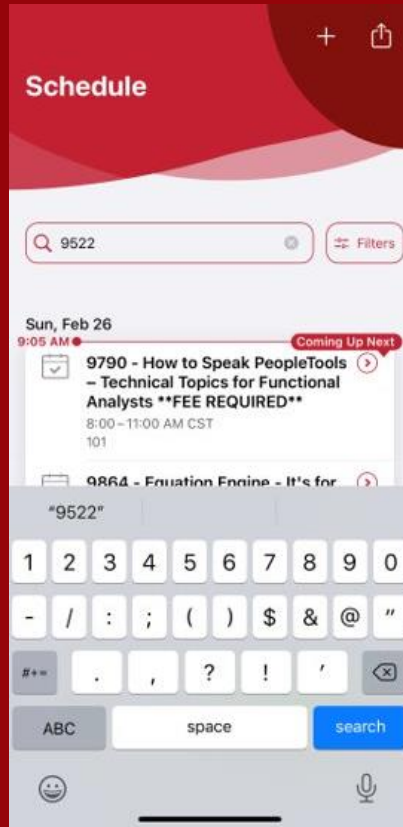

Create a slide in your deck to know when it's time to launch the poll. You can include the question, or simply use "Poll Time!" This will cue attendees to navigate to the app to participate.

## LAUNCH

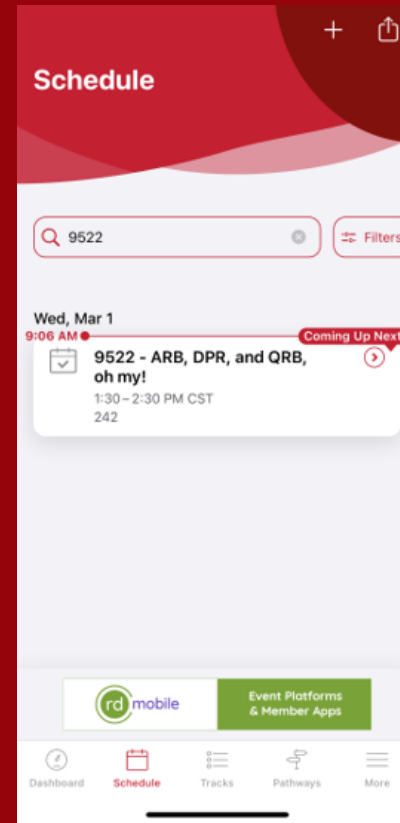

You will launch and run your polls live during your session—directly from the app! Be sure to practice and prepare.
